EDUCATION

- Bachelor of Computer Engineering

Savitribai Phule Pune University

📅 2020 - 2023
- Diploma in Computer Science

Rajiv Gandhi Prodyogiki Vishwavidyalaya

📅 2017 - 2020

PROFESSIONAL EXPERIENCE

UI/UX Developer / Front-End Developer
Probus Software Private Limited 📅 01/2024 - Present 📍 Pune, India

- Designed and developed **modern, user-centric web interfaces** using **React.js, HTML, CSS, and JavaScript**.
- Converted **Figma UI/UX designs** into **fully responsive, production-ready front-end code**.
- Built **reusable React components**, improving code consistency and development efficiency.
- Developed and customized **multiple WordPress websites**, ensuring optimized performance and clean UI.
- Integrated UI components with APIs and followed best practices for scalable front-end architecture.
- Created **marketing creatives, social media graphics, and promotional videos** using Photoshop, Illustrator, and Premiere Pro.
- Collaborated closely with **developers, designers, and marketing teams** to deliver cohesive digital products.
- Managed and guided the design team**, overseeing workload distribution, quality assurance, and timelines.
- Conducted **interviews and onboarding evaluations** for designers and developers, contributing to team growth.

UI/UX Developer / Front-End Developer
RegenApps Clouds Private Limited

📅 Feb 2023 - Dec 2023 📍 Pune, India

- Developed **responsive web pages** based on provided **Figma designs**.
- Created **UI/UX designs in Figma** for internal and client projects.
- Resolved multiple **UI issues in live and under-development projects**, improving usability and layout consistency.
- Worked closely with development teams to ensure smooth handoff from design to implementation.

PROJECTS

Company Website - React.js
[Aeonx Digital - React Website](#) 🔗

- Designed the complete **UI/UX in Figma** and developed the website **end-to-end using React.js**.
- Built a **fully responsive, component-based frontend architecture** using React, HTML, CSS, and Bootstrap.
- Implemented **advanced animations and smooth scrolling** using **GSAP, Framer Motion, and Lenis.js**.
- Integrated **contact forms and APIs** for lead submission and user interactions.
- Optimized performance, responsiveness, and page structure for **SEO and better user experience**.

Tech Stack: React.js, JavaScript, HTML5, CSS3, Bootstrap, GSAP, Framer Motion, Lenis.js

SUMMARY

Results-driven **Front-End / Full-Stack Developer with 3+ years of professional experience** specializing in **React.js, JavaScript, HTML, CSS, and modern UI development**. Strong background in **UI/UX design using Figma**, with proven ability to convert designs into **high-performance, responsive web applications**.

Hands-on experience with **WordPress development**, reusable React component architecture, and growing expertise in **Node.js, Express.js, and MongoDB** for building full-stack applications. Known for collaborating across teams, managing designers, conducting interviews, and delivering scalable digital solutions aligned with business goals.

KEY ACHIEVEMENTS

Ultimate Contributor Award

Recognized with the **Ultimate Contributor Award** for consistent delivery, ownership, and cross-functional collaboration.
